POWERLITE In The Winner's Circle:

CHARLESTON RACE WEEK '07

1ST IN CLASS

1ST OVERALL

PALMETTO CUP WINNER FOR SECOND YEAR IN A ROW

Primal Scream, wearing its new for 2007 PowerLite PBO rigging, posts another big win in the 2007 Charleston Race Week! This win comes at the heels of their 1st in Class / 1st Overall win in the Miami to Bimini race just last month.

The light wind conditions during the two days of racing were not the Scream's ideal conditions, but Steve Stollman and his excellent crew were able to extract every bit of performance from the C&C 115 thanks to their PowerLite PBO rigging. Their day one strategy was simply to sail conservatively and just stay in play since the big genoa boats had weather-leg advantage in the consistently light breeze. Day two didn't serve up a lot more breeze, but enough for Primal Scream to come alive and leg-out on the competition. They finished day two with a 1, 1, 5 punch. There was no racing on day 3 due to gale force winds and tornados. The off-shore course resulted in Primal Scream finishing with two bullets in the closely matched competition. The throw-out race resulted in an 11 to 12 point victory over the skillful USA 14 Shameless.

As an added honor, Primal Scream also brought home the historic Palmetto Cup, which is awarded to the regatta's most competitive boat. This was the second year in a row the Primal Scream was awarded the honor...a first in the history of the Palmetto Cup!

Applied Fiber / PowerLite PBO Rigging send our congratulations to Steve, his crew, and C&C yachts on yet another outstanding finish!
